HOW TO USE THE

PROTIQ MARKETPLACE

FROM 3D MODEL TO ORDER
IN JUST A FEW MINUTES

UPLOAD YOUR 3D FILE

1.

Drag and drop your CAD file onto protiq.com. It is checked automatically and optimized for production.

FILTER AND COMPARE

2.

Narrow down materials, processes and suppliers with filters. The supplier comparison shows prices and delivery times – and you choose your supplier yourself.

CONFIGURE YOUR PART

3.

Set the quantity and finish and check your part in the 3D viewer. The price is displayed live. Add PROTIQ Purchase on request – then the invoice comes from PROTIQ.

SAVE, SHARE OR ORDER

4.

In the cart, you save projects, share them with colleagues or download a binding PDF quotation. Or you order directly.

YOUR PART IS PRODUCED AND SHIPPED

5.

Your order goes automatically to the supplier of your choice – PROTIQ or one of the Marketplace partners. Your part is produced and shipped worldwide.

THREE WAYS TO YOUR PART

Upload your 3D model to protiq.com yourself and order directly. Start an individual project tender if you wish. Or talk to us in person – we advise you from the first idea to series production.
